To Mr. Geo. Byun

Whereas John Portsmore of Prince William County hath informed that there are about 150 acres of waste and ungranted land in the County of Prince William within a patent granted to John W. Buchin for 352 acres on the South side the 3d Run of Potomac and desiring to have a survey thereof in order to have a deed

Whereas therefore for power you thanked Geo. Byun to make a free and accurate survey of the said waste land provided that the first warrant hath issued for the same & to require you to make a correct plat thereof describing the corner distances thereof also the letting of boundaries of the persons and circumstances adjacent where you know not on any persons lines which you are to do when you can then you are to continue your course so as to make your plant as near a square or parallel as may be a Return whereof with the Warrant you are to give into the Office any time before the first day of June last of the year.

[Signature]

[Date]
By virtue of a Warrant from the Secretary of State, I have surveyed for John Harrison of Prince William County, a certain tract of land situated in the County of Fairfax, which was granted to the Governor and Company for 352 acres, viz. all the land of publick used by said Harrison upon which there was timber and within the bounds thereof, I do find as follows: Beginning at a stake in the upper end of an old field where a cabin formerly stood, which was the beginning of the said land N & S., and extending thence along the old marked line 86 3/4 A. two hundred and ninety-four to the corner a white oak on a hill side, then N 86 3/4 west two hundred thirty to a white oak the corner, by the fork of the brach, thence W 86 3/4 E., two hundred ninety-five to a cherry by a dead white oak the corner on the back side the N. line of publick thence, following the road, East twenty three paces to a white oak the corner, then S 86 3/4 E., three hundred twenty-five to the first station, containing five hundred sixteen acres, whereon one hundred sixty-four acres.

The dotted lines are according to plans of the old deed, but drawn according to the marked lines, there is a 1/8 degree difference everywhere in corners.
