By Virtue of a Warrant from the Overseers of the County of June 30, 1793, T. McDonald surveyed the George Brown & Land Beginning at the north end of the Black Oak. The Black Oak is a tree standing near the Black Oak Branch, according to the survey. Meanders there of the Black Oak Branch, Black Oak & Small White Oak, forming the fourth line, coming to the Black Oak, then forming the fourth line, coming to the Black Oak. The line of the South Line to the Black Oak, then forming the fourth line, coming to the Black Oak. The line of the South Line to the Black Oak, then forming the fourth line, coming to the Black Oak.

Surveyed this 8th day of July, 1794.
