William Shriever
Surveyor of Old Forest
Deed drawn 27
Page 26
By Virtue of a Warrant from the Secretary Office, held February 26, 1748, Survey of Shiloh Three Hundred and Beginning at a black mark, due west, supposed to be the second corner of said land formerly surveyed for John Phillips on a saltwater branch. Extending thence to the south east two hundred yards. Two hundred by the south side of the saltwater branch. The beginning is of the line so surveyed a corner to say north west corner of the saltwater branch. From thence to the south east two hundred yards. From thence westward to the corner. From thence north westward to a mark, due west, two hundred yards. From thence to the south east two hundred by the south side of a saltwater branch. From thence south west two hundred yards. From thence north west to the first station, containing 43.83 acres.

Surveyed this 27th of March, 1748.

By myself,
